Work Experience

- **ITU Head Office of Information Technologies** Jan '22 -- Present
IT Student Assistant – Part Time
 - Providing quick and solid support to ITU members with their IT-related problems as a level 1 help desk in day, swing and night shifts.
 - Performing on-site support to ITU administration and academicians about their hardware, software and network problems.
 - Preparing technical documentations and instructions for work flows.

Technical Skills

- **Languages**
 - C++, C, Python, HTML, CSS, Bash
- **Tools**
 - Git, Linux, Docker

Personal Topics

- I volunteer as a support personnel at Kızılay since 2019 which helped to expand my communication skills.
- I aligned teams of 8-9 or 3-4 in school projects and facilitated coordination.
- In my spare time, I enjoy watching movies, thinking about their storytelling and subtext, discovering their production phases.
